

Marcel Manzanares

SOFTWARE ENGINEER

Barcelona

📞 (+34) 647 147 012 envelope googlillo@gmail.com github marcelarie linkedin Marcel Manzanares

Experience

Stuart - Fullstack developer

Barcelona, Spain

B2B DELIVERY PLATFORM

2022 - Present

- Designed and implemented responsive web components and functionalities.
- Led the migration to a micro-frontend architecture to enhance scalability and maintainability.
- Developed and maintained server-side rendered (SSR) applications using an in-house framework.
- Collaborated with cross-functional teams to troubleshoot and resolve complex technical issues.
- Ensured code quality and efficiency, consistently meeting project deadlines.

Soy Super - Backend developer, Sys Admin

Barcelona Spain

SUPERMARKET COMPARATOR

2021 - 2022

- Developed and maintained web crawlers using Perl and Typescript, enhancing data aggregation capabilities.
- Managed system infrastructure, ensuring high availability and performance.
- Extended and optimized business frameworks to improve functionality and user experience.

Projects

Rust GitHub CLI tool

github marcelarie/git-tellme

DEVELOPER

Dec 2022

- Designed and implemented a CLI tool to check for GH notifications.
- Check and subscribe to users new changes and repositories

Automatic directory runner

github marcelarie/rund

DEVELOPER

May 2024

- Implemented multiple shell hooks that run specific scripts when changing a directory.
- Similarly to direnv the user needs to validate the scripts and will run when entering on a directory for the first time
